## Events and Activities

Do you love sports, do you like to visit nature parks and/or do you especially love cultural activities? All of these can be found in Diemen. Diemen has a broad range of clubs in the areas of sport and culture.

These clubs provide for a rich sporting, cultural and social life in the town.

This liveliness is also provided by some attractive events. Deeply rooted items in the yearly itinerary are the Diemer Festijn and the Loswal (Quay) Festival. But the last few years other events have been added such as Smakelijk (Tasty) Diemen, to which the jazz festival 'Duke on the Diemen Square' contributes.

Also on a multi-cultural level Diemen has enriched the events calendar with a multi-cultural event called Wereldfestival (World Festival).

That you do not need to go to Amsterdam to celebrate on Koningsdag (King's Day) is shown by the Oranjefeest (Orange Party) with attractive music in the Van Marken Park.

In conjunction with district sports coaches the Winter Games are organised on the Diemer Square each year in December. This is very popular with children. Also Winter Wonderland in the sports hall is a recurring children's event which takes place during the Christmas holidays.

Since 2017, at the initiative of the mayor, the Freedom Dinner on May 5th is a recurring event, made possible by the cooperation of many enthusiastic volunteers.
